

## INDEX OF ARTICLES PUBLISHED IN THE JOURNAL "LAST MILE" IN 2022

**CABLES AND PASSIVE EQUIPMENT****A.Semenov**

Impact of elevated temperature on the length limit of the copper SCS channels ..... No 1, p. 14

**N.Alekhin, M.Dashkov, A.Nizgorodov, B.Popov, V.Popov**

Testing technologies of optical fibers extrusion protection into closures on aerial FOCLS ..... No 1, p. 20

**S.Popov**

The future of FTTX networks is laying in microtubes .. No 1, p. 26

**S.Popov**

CABEX 2022: The anniversary show for cable industry.... No 2, p. 14

**I.Alekhin, R.Andreev, S.Gavryushin, M.Dashkov, B.Popov, V.Popov**

PSUTI training-testing ground is an important tool for training of highly qualified specialists..... No 2, p. 22

The equipment installed in SHTV cabinets will be operable in an extremely wide range of weather conditions ..... No 3, p. 26

Intelligent digital climate control module R-MC2-DMTH... No 5, p. 14

**A.Semenov**

Support to lock incorrectly disconnected patch-cords when changing the SCS configuration..... No 6, p. 24

Green all-weather enclosure..... No 6, p. 30

New intellectual Rem PDUS with MI measurement module ..... No 7, p. 36

**V.Bannov, B.Popov, V.Popov**

Analysis of components of mutual influence at the near-end of multipair LAN-cables..... No 7, p. 40

**O.Egorova, K.Erokhin, S.Zhuravlev, A.Zaitsev, S.Kazantsev, O.Kolesnikov, Y.Mironov, S.Semenov, M.Shulga**

Application of multicore optical fibers for quantum networks ..... No 8, p. 44

**M.Boev, E.Kim, A.Mikilev**

Issues of optical cable design for application in terabit transmission systems..... No 8, p. 52

**CHAPTERS OF HISTORY**

Calendar of significant dates of domestic ICT for 2022..... No 1, p. 76

**O.Frolova**

The Central Museum of Communications is 150 ..... No 6, p. 76

**N.Borisova**

At the origins of Rostelecom ..... No 8, p. 64

**EXECUTIVE OPINION****E.Kasatkina**

"SVIAZ 2022" is the largest business platform in the field of telecommunications and information technologies ..... No 1, p. 6

**E.Trifonov**

Evolution of telecommunication systems for professional customers ..... No 2, p. 8

**N.Kornev**

GOODWIN: 25 years – flight normal ..... No 4, p. 6

**E.Roitman**

Creativity: A key component of business ..... No 5, p. 6

**V.Simonyan**

All EAEU member states now understand the importance of ICT development..... No 6, p. 6

**A.Kiselev**

Import substitution is not just a lip service, but in action! .... No 7, p. 6

**N.Chevalier**

Our goal is to fully replace solutions of retired vendors.... No 8, p. 6

**EXHIBITIONS AND CONFERENCES****V.Tikhvinsky**

Non-traditional thinking about MWC 2022 ..... No 2, p. 40

**S.Popov**

Digital suzerainty begins with transport communication networks ..... No 2, p. 44

**L.Ratkin**

Telecommunication systems for the development of Russia Arctic Zone ..... No 2, p. 48

**L.Nabokikh, S.Popov**

Russian most significant info-communications event of the year ..... No 3, p. 10

**S.Popov**

"TIBO-2022" is a significant digital eurasian event ..... No 4, p. 14

**L.Nabokikh, S.Popov**

CIPR -2022: Digitalization according to new rules ..... No 5, p. 16

**L.Nabokikh, S.Popov**

"ARMY-2022" is the largest congress and exhibition event of the year ..... No 6, p. 12

**S.Popov**

"Digital Evolution 2022": The Ministry for Digital Development has found a niche in Kaluga ..... No 7, p. 14

**S.Popov**

"Microelectronics 2022" through the eyes of a communication worker ..... No 7, p. 20

**INTERNET OF THINGS****A.Semenov**

PODL Technology - remote power system for Internet of things ..... No 8, p. 58

**LITERARY CREATIVITY OF COMMUNICATIONS WORKERS****A.Golyshko**

Introduction to eternity, or engineers of the universe (Excerpt from the book) ..... No 4, p. 72

**MEASUREMENTS AND SYNCHRONISATION****V.Tikhvinsky, E.Devyatkin, V.Belyavsky**

Features of 5G synchronization networks: Architecture, protocols and algorithms ..... No 1, p. 52

**M.Storozhuk**

Network traffic monitoring in backbone networks to ensure the TSN networks operation ..... No 3, p. 30

**S.Kogan**

5G networks: Timing signal distribution at the optical transport layer  
Part 1. General synchronisation requirements for 5G mobile networks ..... No 4, p. 50

**S.Kogan**

5G networks: Timing signal distribution at the optical transport layer. Part 2. Clock-based network synchronisation ..... No 5, p. 44

**S.Kogan**

5G networks: Timing signal distribution at the optical transport layer. Part 3. Network phase/ time synchronisation ..... No 6, p. 42

**Yu.Konstantinov, A.Krivosheev, F.Barkov**

Automated measurement system for distributed study of Brillouin shift in PM fibers at the point of production..... No 6, p. 54

**A.Valov, V.Davydov, A.Petrov**

Improvement of the metrological characteristics of the rubidium frequency standard ..... No 7, p. 72

**NETWORK INFRASTRUCTURE****E.Login, S.Dovgiy, N.Storozhuk**

Development of FOCL fragment reservation model .... No 2, p. 50

**A.Bakhtin**

Displace CISCO..... No 6, p. 23

**A.Golyshko**

Where shall we calculate? ..... No 7, p. 76

## PRODUCTION

EMILINK opens new doors into the future of the Russian TELECOM..... No 5, p. 24

## QUANTUM TELECOMMUNICATIONS

**O.Gorbadej, A.Zenevich, A.Solovyov**  
Secret key transfer system based on quantum cryptography protocol ..... No 6, p. 60

**A.Zaitsev, A.Zubilevich, O.Kolesnikov, A.Korobov**  
Single-photon sources for infocommunication systems ..... No 6, p. 64

## REGULATIONS

Lifting of us sanctions: Information for reflection ..... No 2, p. 28

### S.Popov

Numerical score will apply to the telecommunication equipment. But later..... No 5, p. 34

## SATELLITE TELECOMMUNICATIONS

### S.Petrova

High ambitions of low orbits..... No 1, p. 30

### S.Petrova

Internet potential of satellite systems in the transformation era ..... No 2, p. 64

### V.Anpilogov

Seamless satellite IoT and the unique features of LoRa and radio-frequency provision..... No 6, p. 34

### S.Petrova

Satellite industry restart ..... No 7, p. 28

### A.Ositis

Modern electronic communications and space technologies..... No 7, p. 32

## SECURITY

### S.Kogan

Fiber optic transport networks: ensuring privacy and security..... No 1, p. 66

### E.Ryapolova, M.Studiannikova

Development of an intrusion detection subsystem algorithm..... No 3, p. 70

### E.Falkov, S.Shavrin, V.Alyoshin

AZN-B network technology: Solving the problem of UAVS in common airspace..... No 4, p. 66

### S.Shavrin, N.Likhachev, M.Voronkova, M.Likhachev

Challenges of A-network implementation in air traffic management..... No 6, p. 70

### I.Milkov

New contract production of electronics in the Ural centre..... No 8, p. 42

## TELECOMMUNICATIONS BUSINESS

### L.Martynova

MCN Telecom to Russian Business ..... No 2, p. 68

### N.Likhachev, A.Vronets, M.Likhachev

The implementation features of electronic price tags in the mobile operator shops..... No 2, p. 70

### V.Shultseva

Russian Hi-Tech under siege: How to overcome? ..... No 3, p. 34

### A.A.Gridyakina

Import substitution in telecommunications ..... No 5, p. 60

### O.Romanenko, M.Studyannikova

Infocomm Competence is an important professional quality of a qualified professional ..... No 8, p. 70

## WIRED COMMUNICATION

### S.Popov

It is time to decide on the future of passive optical networks development ..... No 1, p. 62

### M.Gorbashova, D.Starykh, I.Shikhaliev, O.Nanii, V.Treshchikov, I.Chebykin

Compensation of DWDM signal spectrum inequalities in multi-span lines ..... No 2, p. 58

"Komponent" and "FTI-Optronic" at "SVIAZ-2022" ..... No 3, p. 24

### A.Lotov, K.Lotov, V.Zavarzin

Methods to improve reliability in the design and operation of fiber optic communication lines ..... No 4, p. 60

### A.Lotov, D.Mamontov, V.Zavarzin

Algorithm of automatic safety switching in FOCL linear path backup ..... No 5, p. 38

### S.Popov

A new domestic vendor has entered the market telecommunication and networking equipment..... No 8, p. 30

### A.Roslyakov

Generations of fixed networks F1G–F5G ..... No 8, p. 34

## WIRELESS COMMUNICATION

### M.Minkovskiy

We know how to build trackside networks in metro better than anyone else in the world ..... No 1, p. 36

### G.Fokin

Beam management models in 5G NR networks. Part 1. Beam alignment during link establishment..... No 1, p. 42

### E.Slodkevich

Radio communications for the Arctic ..... No 1, p. 50

### E.Trifonov

Private LTE and Mission Critical communications and control systems ..... No 2, p. 30

### A.Roslyakov

Open RAN radio access networks ..... No 3, p. 40

### V.Tikhvinsky, E.Devyatkin, V.Beliyavskiy, Yu.Smirnov

6G network architecture: Principles and design features. Part 1..... No 3, p. 50

### V.Beliyavskiy

"SPECTR" is the possibility to build your own equipment on your own principles ..... No 3, p. 58

### G.Fokin

Beam management models in 5G NR networks. Part 2. Beam alignment during radio communication No 3, p. 68

### S.Portnoy, O.Vladimirskaya

"ASTRAN": The MVNO solution for the future digital ecosystem ..... No 4, p. 28

### G.Fokin, V.Grigoriev, I.Avdonin

LTE network positioning. Part 1. Architecture ..... No 4, p. 34

### V.E.Gorsky

Composite supports "STRELA" – a modern alternative to traditional communication towers ..... No 4, p. 42

### V.Tikhvinsky, E.Devyatkin, V.Belyavsky, Y.Smirnov

6G network architecture: principles and design features. Part 2 ..... No 4, p. 44

### P.Baltsevich, S.Borovsky

"HVALA": Assessing the communication quality together ..... No 5, p. 26

### V.Tikhvinsky, E.Devyatkin, Yu.Smirnov, M.Ivankovich, V.Veerpalu

Prospects for the use of terahertz frequency band in 6G networks. Part 1 ..... No 7, p. 44

### F.Farisov, A.Batkaeva

"Sabil" – a new type of MVNO ..... No 7, p. 52

### I.Kubasov, Yu.Puchkov

Reliability assessment of multisite digital mobile radio Communication systems ..... No 7, p. 56

### G.Fokin, V.Grigoriev, V.Aksenov

LTE network positioning technology. Part 2. Coordinate estimation formats..... No 7, p. 60

### V.Tikhvinsky, E.Devyatkin, Y.Smirnov, M.Ivankovich, V.Veerpalu

Prospects for the use of terahertz frequency band in 6G networks. Part 2..... No 8, p. 10

### L.Nabokikh, S.Popov

16th PMR Forum: spotlight on pLTE ..... No 8, p. 18

### S.Portnoy, S.Danielyan

Private LTE networks from Antares Ltd GC ..... No 8, p. 24
